History

Introduction of Kala Koodak Toos

Kala Koodak Toos company was founded in 2000 with the motto "seeking improvement", with big dreams and transboundary ideas and relying on scientific knowledge . It succeeded in obtaining a manufacturer's license from Iran Industry, Mine and Trade Organization for producing baby and mother care products as the first and largest producer of these products in Iran.
This company, with an area of more than 14000 square meters and employment of more than 800 people, produces baby care products, baby feeding products including various types of baby bottle, baby cereal feeder and water bottle, mother care products, sports products including various types of sports water bottle, baby gum, dental, and oral care products including teether, toothbrush and silicone massager for babies besides kinds of toothbrushes for different ages. Adult and oral care dental products including more than 30 models of toothbrushes with various levels of hardness and types of filaments for different needs in more than 120 barcodes besides 4 models of dental floss with different uses meets different consumer's needs.
At the moment, this company is proud to present itself as one of Iran's superior exporters by exporting its products to more than 10 countries and reducing the country's need for importing foreign products. At the same time, with a dominant presence in domestic market, it covers major part of Iranian consumers' needs.This company has constantly taken steps towards improving quality level, satisfying customers, preserving the environment and valuing human resources and organizational knowledge based on these years accumulated experiences. Kala Koodak Toos has established quality management systems, obtained ISO certificates, ISO14001, ISO45001, 9001, HSE from TUV company, employing experienced managers and engineers besides young, capable and trained experts and specialists, modern technology and machinery. This company's investments in laboratory departments and quality control of production and service departments, have made it possible to provide domestic and foreign markets with the highest quality products based on international standards.
This company is proud of being selected, many times during its activity, as the exemplary export organization, the exemplary industrial organization, the exemplary entrepreneur, the superior organization selected by Ministry of Health and Medical Education, the exemplary organization of Standard Organization and the exemplary organization of Consumer Rights Compliance Organization.
Kala Koodak Toos has had unstoppable activity in picturing the motto "seeking Improvement" by offering more than 300 products in its shopping cart in brands Babyland, Hident, Allwhite, Aillin and Camela besides investing in research and development for innovation and creativity in supplying new products in addition to having written programs for developing and updating lines.

Baby Training Pants

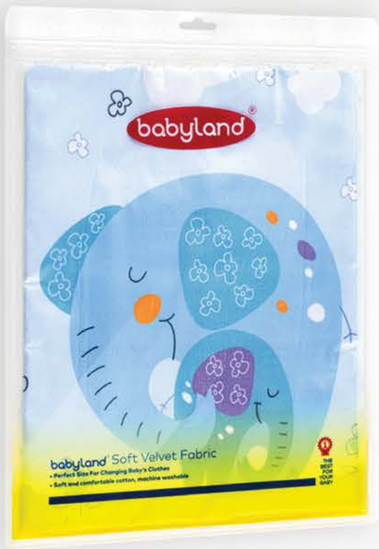
Potty training is a daunting task for parents and children alike. Babyland training pants can make the process easier for everyone. Babyland training pants ease the transition from diapers to underwear. Thanks to four layer absorbent fabrics and do it yourself functionality they prevent any leakage

It Should be worn alongside with diapers while sleeping. Using this product helps the child learn how to use the toilet and improves their self-confidence. It can be used throughout the day, while playing, at parties, and on the trip

BABY CHANGING MAT

SOFT VELVET FABRIC

257



Baby Changing Mat: A baby changing mat is an essential item for a baby from birth. This product consists of two layers: the upper layer made of patterned allergy free velvet fabric and the core one made of water- and moisture-proof nylon. These two layers are laminated together for easier washing and prevent the product from tearing during washing. As it quickly dries, you can use it more often during the day.

- soft and comfortable cotton.
- appropriate size for changing baby's clothes.
- Light and portable in the mother's bag.
- Machine washable.
- capable of being used as a mat when the baby is asleep.
